Commission and Telephone Bids

If instructed, the Auctioneers will execute bids and advise prospective purchasers. This service is free. Lots will always be purchased as cheaply as is allowed by other bids and reserves. In the event of identical bids, the in house bid will take precedence. There must always be a maximum limit indicated. 'Buy' or unlimited bids will not be accepted. Commission bids placed by telephone are accepted at the client's risk. All bids are accepted exclusive of buyers premium. Written confirmation of telephone bids from persons unknown to the Auctioneers must be received before the commencement of the sale. Whilst every effort will be made to execute telephone

bidding, the Auctioneers cannot be held responsible for any default or neglect in connection with this service. All such arrangements therefore are made entirely at the prospective buyer's risk. It is recommended that all requests for telephone and commission bids are received by the auctioneers by the end of day prior to the auction. While every attempt will be made to execute such bids received on the day of the auction, it is not always possible to do so at this late stage.
